Advanced by Dr. Evans in Behalf of Cleaner Thoroughfares.

THE ORDINANCE FINALLY PASSES

that Judge Ewing here was lately of counsel in. Judge Ewing had testified in Mr. Kennedy's favor, and Judge Ingham, of Greene county, the other Judge of the district, was expected to hear the matter, and would have done so had they gone to him at Waynesburg. Mr. Kennedy wanted to have the charge answered here, where they had been preferred, and elected to have Judge Hazen pass upon them to save further delay. His friends and ellents were out in full force to-day, and as charge after charge against him was satisfactorily explained away, they could hardly be restrained from applause.

These charges were gotten up a year ago that he believed it too much, but, since the bureau system had been adopted, it was impossible to tell from the ordinance to what particular object the money was to be applied. Chief Bigelow was sent for to explain the item. Dr. Evans then asked him for what purpose the \$208,000 was to be expended. In this connection the doctor said:

I wish to say that last year the amount appropriated for this bureau was \$200,000. How that money has been expended I don't know, but I do know that it has not been enough to keep our streets clean nor in repair. No city in the country is so poorly paved, nor so miserably dirty, as the city of Pittsburg, and the streets are dirtier now than I have ever seen

streets are directed now than I have ever seen them. I would like to know if \$208,000 will be jealousy back of the case. Mr. Kennedy enough to improve this condition of affairs and place our streets in a half-decent condition.

Mr. Bigelow replied the money was to be spent where it would do the most good. As

for the money spent in 1888, the annual report of the Department of Public Works would be ready in a few days, and would show how every dollar of the appropriation had been spent.

Dr. Evans repeated his statement about the filthy condition of the streets. Mr. Mo-Kee and Mr. Epping also complained of the streets in their wards, the latter stating that there were streets in the Sixteenth ward that had not been cleaned in five years, and that there was not a street in the ward that was not in a horrible condition.

Mr. Bigelow replied that there were many streets in the city that were clean, and that all the important streets were cleaned as often as practicable. The weather of this winter had been such that it was impossible to clean the streets with any kind of regularity. With the appropriation of \$208,000 the department would be enabled to do better at cleaning the streets this than last year, for in that amount was included the purchase of street supplies that would greatly assist in the work.

Dr. Evans also raised an objection to the appropriation of \$198,715 to the Bureau of Water Supply and Distribution. The streets in the city that were clean, and that

Dr. Evans also raised an objection to the appropriation of \$198,715 to the Bureau of Water Supply and Distribution | The amount was not enough. The city had pursued a very mean and narrow-minded policy in regard to its extension of water supply, and many citizens were without a supply who paid taxes and were entitled to it. He thought \$60,000 should be added to

IT INCLUDED THEM ALL. Mr. W. A. Magee stated that the appropriation included every petition for water pipe extension that had been approved by

Mr. Dwyer created a sensation in Council by making a motion to reduce the appro-priation for the Board of Viewers from \$10,-000 to \$8,000 and providing that the mem-bers of the board be paid a salary of \$3,000 each, "excepting Tim O'Leary, wno should only be paid \$1,000."

Mr. Sullivan objected to the motion and defended Mr. O'Leary. Mr. Dwyer insisted on his motion and called for the ayes and mays. The motion was voted down and one member hoped that the fight between the Randall Club and the County Democracy

would not be dragged into Council.

Mr. Evans moved to amend the item of street repairing, by adding \$100,000, making the total for that appropriation \$345,747 50, \$40,000 of this to be develed. \$10,000 of this to be devoted to repaying Second avenue. In support of this motion, Evans said:

Evans said:

I take the ground that last year's appropriation of \$230,000 did not improve the streets of the city; in fact, they are in worse condition now than a year ago, and the amount provided there will not do it this year. The streets must be improved, sooner or later, and it might as well be done this year as any other. The bill before us is unfair. In it, I understand, the Fourteenth ward alone receives \$200,000 worth of street improvements, and \$25,000 is to improve the Wilmot street bridge. Wilmot street if the year and alone receives \$200,000 worth of street improvements, and \$25,000 is to improve the Wilmot street bridge. Wilmot street if the year newer and goats, and perhaps a dozen persons a day. I tell you this sum is to be spent for the benefit of two or three people, and it is a shame, when the balance of our streets, such as that prominent thoroughfare. Second avenue, are left in an impassable cendition, te dump \$25,000 into that unknown street. I am not in favor of high taxes, gentlement but I am in favor of high taxes, gentlement but I am in favor of light axes, gentlement but I am in favor of light axes, gentlement but I am in favor of light axes, gentlement but I am in favor of high taxes, gentlement but I am in favor of light cand of giving the people what they really need when they are willing to pay for it.

The tax levy has been cut down this year. The appropriations have been pruned and kept down this year for an idea. That idea is to create the impression to the people that it will cost no more to conduct the city under its present government than it did two years ago. I know what this is done for; but that's the inference the people are expected to take. I I take the ground that last year's appropris

I know what this is done for; but that's the inference the people are expected to take. I understand the situation perfectly; but the streets are a stubborn necessity, and if their improvement is put off for a year or two, the work will have to be done, and will be done, and then the heavy appropriations will come, taxes will boom away up and the people will be burdened with a tax that they might as well pay now, when times are good. Twelve mills is a low tax for a great city like this, and there are not many cities of its size that are taxed nearly so low; yet there is not another city in the country so poorly paved. Of that 12 mills, 5½ mills are necessary for the fixed expenses, leaving 6½ for the maintennance of the city. It is positively absurd to think of running the city on such a small sum. The city will be in a condition of vagrancy at the end of a year.

POLITICAL FAMILY TALE. Mr. Robertson replied, and, among other things, said he was surprised to see that the things, said ne was surprised to see that the doctor had so turned about from the position taken by the family to which he belonged, and he wondered that the said family did not admit, before the election, as the doctor had now done, that Pittsburg was the cheapest city in the country.

Dr. Evans responded hotly that he be-

longed to nobody's family, and he was responsible for no street talk but what he made use of himself. Robertson apologized, and said he

hoped the doctor would understand that his political, and not his social, relations were A vote was then taken on the motion of

A vote was then taken on the motion of Dr. Evans, which was voted down. Dr. Evans then moved that the \$25,000 appropriated for Wilmot street bridge be stricken out, and that amount be appropriated to repaving Second avenue. This was also defeated. Ha then moved that \$40,000 of the \$81,147 50 intended for repaving Forbes street be appropriated to repaving Second avenue, and this was defeated.

Dr. Evans' next attack was directed to Dr. Evans' next attack was directed to

the business tax levy, which he characterized as an unconstitutional, unjust check upon the enterprise of the business men of

Mr. Sorg wanted the special tax on old East Birmingham Borough property reduced from 3 to 2 mills, that in his judgment being sufficient at the increased valuation tired feeling.
"I have been troubled by a scrofulous affection all my life. It is one of the marked recolof the Board of Assessors. The rate had been 3 mills in 1888, and there had been enough to pay the interest on the bonds then; now the values had been raised 50 per cent, and still the millage was kept at the same rate. His motion to that effect was lections of my boyhood days, and for several years has rendered me unable to labor much. I think Hood's Sarsaparilla, which I have been using at intervals for ten years, is the best thing I have ever taken. I am now 60, and my general health seems better than ever." H. D. Annorr, Warren, N. H. defeated, as was also a motion to reduce to

The vote was then taken on the adoption of the ordinance as follows: Yeas-Messrs. Anderson, Barrett, Brophy, Collins, Doyle, Dwyer, Epping, C. Evana, D. P. Evans, Frew, Getty, Gross, Hasiett, Holmes, Kleinfelter, Lamble, Miller, O'Toole, Paul, Robertson, Robrikaste, Schulz, Schuck, Smith, Sorg, Selliyan, Trensch, Williams, Ford-29, Nays-None. medicine I am feeling as well as ever in my life." G. W. Rose, Pottsville, Pa.

EVERYBODY who has a picture to enlarge should bring it to Elite Gellery and get one of those \$25 life-size crayons for \$5. 516 Market street, Pittsburg.

John A. Logan's Company Involved in

GINGER PUDDING.

Take one cup Porto Rico molasses, one-half cup dark brown sugar, one-fourth cup butter and two eggs, beat these all together; stir into this one cup sweet milk, two teastir into this one cup sweet milk, two teaspoonfuls ground ginger and three even cups
of sifted flour, having mixed thoroughly
through the dry flour one measure "Banner
Baking Powder;" bake in pudding or cake
pan one hour, slow oven. Serve hot with
the billowing hard dressing: One-fourth
pound butter beaten to a cream, add one
egg and six tablespoonfuls granulated sugar,
beaten until very light; flavor with rum or
vanilla.

Popular favor is the best criterion by which to judge of the merits of any product. The high standard of excellence maintained in the manufacture of the "Banner Baking Powder," during the past 25 years, brings unsolicited testimony as to its superior quality from thousands of ladies who have used it with success these many, many years.

This fact is very important to young mar-ried ladies who are for the first time assuming the duties of housekeeping and to whom it is a matter of no little importance to know

it is a matter of no little importance to know what are the best helps to give them success in their new undertaking.

First then it is a self-evident fact that no one can be happy and healthful unless they have wholesome light bread, biscuits, rolls, muffins, cakes, etc. Heavy, indigestible bread and cakes cause dyspepsia, loss of temper, and usually bring unhappiness to the home circle. This should be avoided, and it can be at slight cost—resolve, therefore, to use the Banner Powder, which, we admit, is not the lowest priced powder that you can buy, but it certainly is the very best and cheapest, on account of its perfect purity and the powerful leavening force it possesses. An article that goes into the stomach should be looked upon from the standpoint of quality—not price. NEW CASTLE, March 2 .- The strike of the Knights of Labor limestone quarrymen at Carbon and Hillsville is becoming desparate. Early this morning it was discovered that the wire cables used to haul the trucks on the incline were cut in several places. Two of the cables were owned by George Johnston, and two by the Carbon Limestone Company, of which John A. Logan, Jr., is manager. standpoint of quality-not price.
